

## Inventory Assessment

At LifeServe Blood Center we strive to be responsible stewards of the blood supply. We ask that you partner with us to ensure we are maximizing the blood supply. When reviewing your inventory if you have units that outdate within seven days, please fill out the date of expiration and number of units in the specific type column. Save the document and email to: All\_Distribution@Lifeservebloodcenter.org Please include your facility's name in the subject line of the email. A team member of our Hospital Services department will follow-up with you upon receiving this information to determine whether to hold, transfer, return, etc the unit(s). Thank you for partnering with LifeServe Blood Center!
